EXTRACT

As a computer engineer passionate about learning and collaboration, I specialize in web development. Currently, I am studying a master's in computer engineering to continue expanding my knowledge in the field. Additionally, I have a professional level of English that allows me to communicate effectively in a global environment. During my year of work experience as a web developer, I have demonstrated skills in problem-solving and implementing efficient solutions in complex projects. I am always looking for opportunities to continue learning and improve my skills, and I am excited to continue growing professionally.

EDUCATION

UDC   **2023-Present**
Master of Science in Computer Engineering   *7,7125*

UDC   **2018-2023**
Computer Engineering Degree   *7,0925*

C1 Advanced   **Score 184**
Cambridge University Press & Assessment English, Sept. 2018   *Credential ID: 189ES0295007*

TECHNICAL SKILLS

Programming Languages: Java, Javascript, Python.
